Company Representative: **[Name + Role]**

 All information in this section is auto-filled from user and company profiles.

2 PROJECT IDENTIFICATION & DESCRIPTION

Why this section exists

Ensures there is **no confusion about which project this contract applies to.**

Project Details

Project Title: **[Auto-filled]**

Project Reference ID: **[System-generated]**

Project Location / Site Address: **[Auto-filled]**

Project Category:

- ☐ Repair
- ☐ Renovation
- ☐ Construction
- ☐ Maintenance

Project Description

A brief explanation of the work to be carried out, including the purpose of the project.

 This information is pulled directly from the repair request / job request.

3 SCOPE OF WORK (MOST IMPORTANT)

Why this section exists

This section defines **exactly what the contractor must and must not do**, preventing disputes.

Scope Includes

Detailed description of work to be performed

Services included under this contract

Materials responsibility:

- ☐ Supplied by Company
- ☐ Supplied by Client
- ☐ Shared responsibility

Scope Excludes

Any work not mentioned in the accepted quotation

Additional tasks requested verbally or outside the system

Standards & References

Work shall follow agreed technical standards and specifications

Any drawings, documents, or plans referenced in the quotation are considered part of this contract

 *This entire section is auto-generated from the **accepted quotation**.*

4 CONTRACT DURATION & TIMELINE

Why this section exists

Defines **time expectations and accountability**.

Timeline Details

Contract Start Date: **[Auto-filled]**

Expected Completion Date: **[Auto-filled]**

Working Days / Hours: **[Defined by company policy or agreement]**

Project Phases (If Applicable)

Phase	Description	Estimated Completion
-------	-------------	----------------------

Phase 1	[Auto-filled]	[Date]
---------	---------------	--------

Phase 2	[Auto-filled]	[Date]
---------	---------------	--------

Time Extensions

Project timelines may be extended due to:

Client delays

Material unavailability

Force majeure events

Mutually approved changes

📌 *Helps avoid “you delayed the project” arguments.*

5 PRICING & CONTRACT VALUE

Why this section exists

Clearly defines **financial responsibility**.

Contract Pricing

Contract Type:

- ☐ Fixed Price
- ☐ Time & Material
- ☐ Flexible / Milestone-based

Total Contract Value: **[Auto-filled from quotation]**

Currency: **[Auto-filled]**

Cost Breakdown (Optional but Recommended)

Labor Cost: **[Auto-filled]**

Material Cost: **[Auto-filled]**

Other Charges: **[Auto-filled]**

Taxes

Taxes:

- ☐ Included
- ☐ Excluded
- ☐ As per applicable law

 Entire section is pulled directly from quotation data.

6 PAYMENT TERMS & SCHEDULE

Why this section exists

Prevents **cash flow disputes**, which are common in construction.

Payment Method

- ☐ Bank Transfer
- ☐ Cash
- ☐ Online Payment

Payment Structure

- ☐ Advance + Balance
- ☐ Milestone-based

☐ Time-based

Payment Schedule

Milestone	Amount	Due Date
Advance	[Amount]	[Date]
Milestone 1	[Amount]	[Date]
Final Payment	[Amount]	[Date]

Late Payments

Delayed payments may result in work suspension

Continued delays may lead to contract termination

 *Milestone table gives the best UX and is ideal for automation.*
